

RAUNAK RAZA

FULL-STACK MERN DEVELOPER

Delhi, India • raunakraza63@gmail.com • +91 8076128701
linkedin.com/in/raunak-raza-7172a131 • github.com/raunak-collab

PROFILE

Full-Stack MERN Developer focused on building modern, responsive, and production-oriented web applications. Strong foundation in React.js, Next.js, Node.js, Express.js, MongoDB, REST APIs, authentication, CRUD, state management, and responsive UI development. Interested in developer-focused products and practical tools that improve everyday development workflows.

TECHNICAL TOOLKIT

Frontend React.js • Next.js • JavaScript (ES6+) • HTML5 • CSS3 • Tailwind CSS	State Redux Toolkit • RTK Query • Context API
Backend Node.js • Express.js • REST APIs	Developer Tools Git • GitHub • VS Code • Postman • Figma
Database MongoDB • Mongoose	Deployment Vercel • Netlify

FEATURED PROJECT

DEVHUB

Developer Tools & Productivity Platform

- **Product:** Built DevHub as a centralized platform for developers to access useful development tools from one place.
- **Developer Tools:** Implemented tools such as JSON Formatter, Password Generator, JWT Decoder, Regex Tester, and UUID Generator.
- **Tool Collections:** Designed a collection-based system so developers can organize and access related tools through dedicated collections.
- **UI/UX:** Created a clean, responsive interface with reusable components, category-based navigation, search-oriented workflows, and developer-focused layouts.
- **Frontend:** Developed the application using Next.js, React.js, JavaScript, and Tailwind CSS with reusable and maintainable components.
- **Backend & Data:** Integrated application functionality with MongoDB/Mongoose and implemented API-driven data flows for application features.
- **Deployment:** Worked with production deployment using Vercel and environment-based configuration.
